New Business

Legislative Review and Q&A

Brad Daw- Medicaid Expansion waiver will be modified with three things: a work requirement, 0-100% of poverty level covered, and Civil asset forfeiture- a push for greater due process.

Kay Christofferson- He partially supports Governor Herbert's proposed tax on services. The Antiquities Act has been abused. He voted against SB54 and wants to wait and see what the courts do first.

Norm Thurston- Changing birth registry- he says to keep a permanent/fixd original document and allow a new one with changes. Initiative/referendum process subject to gamesmanship.

Marsha Judkins- She probably supports hate crimes legislation (Senator Thatcher's bill). In favor of exactly how 100 million dollar would be spent/itemized on clean air.

Adam Robertson- Border wall is a federal issue. He supports legal immigration. Not in favor of removing the straight party ticket from the ballot.
