Resolution on Civility, Transparency & Attendance for County Party Officers & SCC Reps

Be it Resolved, That this Convention of the Utah County Republican Party thanks all those who will devote the time and expense to represent our county as party officers and State Central Committee representatives, and

Be it Resolved, That this Convention asks our county party officers and representatives to be guided by these standards in their party service:

To give first priority to the main purposes of our party - to nominate and support Republican candidates and to promote our platform principles,

To study and prepare for meetings and the issues being discussed,

To attend meetings and perform their duties when possible, or to resign and be replaced, so that Utah County and each district can be fully represented,

To study the county and state party Bylaws and the basics of Robert's Rules and to support compliance with them,

To avoid using technicalities or violations of the rules to force unreasonable or divisive actions,

To use proper decorum in party meetings and when speaking or writing about other Republicans in public and social media,

To communicate openly with party colleagues in office, avoiding rumors and factions, and to look for common ground and solutions,

To solicit and be open to the views of county party members about issues they will decide, and

To help make county party and SCC actions and their participation transparent and accessible to county party members.
